Avalara
PARTNER FACTSHEET
VAT AND TAX COMPLIANCE

Avalara helps businesses of all sizes achieve compliance with their international VAT and transactional tax obligations. Whether you're expanding into new markets, implementing new technology, or simply trying to be more efficient, our software solutions and managed VAT services can help you reduce cost and improve filing accuracy.

Do What You Love, Leave the Taxes to us.

The world of global commerce has expanded in previously unimaginable ways, opening up new markets to businesses of all sizes. However, the intricacies of global tax compliance can be daunting. Cross-border sales are riddled with complex taxes, duties, shipping costs, and fees, making it difficult to stay compliant.

Avalara Features

- **VATLive:** Avalara VATlive is one of the most authoritative and comprehensive free online information resources on international VAT.

  VATlive.com contains a wealth of up-to-date country guidance and news on VAT and GST from around the world.

  Avalara VATlive is one of the most followed VAT information sites, with over one million unique visitors per year.
