

# CADTalk

## SUPPORTED CAD PACKAGES

### CAD/PDM/PLM INTEGRATION

---

Below is a list of CADTalk supported CAD Packages. If you are using a CAD package that doesn't appear on the list we'd love to know. More often than not we can still import using our flat text file integration or XML. Knowing customer demand also allows us to drive CADTalk development.

- AutoDesk Inventor
- AutoDesk Revit
- AutoDesk Vault
- AutoDesk Vault Professional
- Solidworks
- Solidworks EPDM
- SolidEdge
- PTC/Creo
- CATIA
- AutoCAD Mechanical
- AutoCAD electrical
- General Database
- Siemens Solidedge
- Siemens NX
- Excel
- Windchill (via flat file)
- PLMs (via flat file export)
- Acorn
- XML
