

Factory Documentation

MANUFACTURING

SYSPRO Factory Documentation facilitates clear and accurate user-defined shop floor documentation for production operations to be performed and materials to be issued, thereby enabling accuracy and efficient control of production processes.

The Factory Documentation system enables you to define up to four different factory documentation formats for various uses such as:

- Job Tickets
- Material requisitions
- Route cards
- Travellers

The Benefits of Factory Documentation

- Format design options include Crystal reports and Word documents, as well as field maps for bitmaps and preprinted stationery
Definition of multiple document formats within up to four user-defined categories, such as:
 - ▶ Job Tickets
 - ▶ Material requisitions
 - ▶ Route cards
 - ▶ Travellers
- Archiving of documents as printed in PDF and Crystal report formats (SRS formats only)
- Free-format, with ease of selection from SYSPRO database fields
